Once the next race has started, warming up on the course is not allowed.

**CATEGORIES:** Senior (over CX age 18) and Masters categories may be listed by ability as well as age. Ability categories are as follows:  
**A (CX Cat 1-4)** is the fastest group out there – also might be called expert, elite. Highly competitive – if you aren't an experienced racer (in cyclocross or another discipline) this is likely not the group for you.

**B (CX Cat 3-5)** is the intermediate group – faster and more experienced than "C" riders but not at "A" pace yet.

**C (CX Cat 4-5)** is geared toward the beginner rider – new racers should usually start here and move to "B" when comfortable.

**Masters** is for riders with a **racing age (on Dec 31, 2015)** equal to or greater than the indicated age. **Masters A** (CX-1-4) is often the second fastest group on the course, just behind the A race. Basically "A" racers that are older and have family/career commitments.

**Masters B (CX3-5)** is generally a bit slower than B, as the average age is higher in the Masters group For new racers eligible to race masters, you might want to try both "C" and Masters B to see which you prefer.

**CYCLOCROSS RACING AGE:** A rider's cyclocross racing age is based on the year the CX World Championships which take place February, 2015. Therefore your racing age for the cyclocross season September 2014 through January 2015 is your age on 12/31/2015.

**SoCalCross discourages sandbagging.** Please upgrade to the higher category when qualified. NOTE: USA Cycling does not recognize ABR or NABRA sanctioned events for CX category upgrades or USAC national ranking points. More info at: [www.USAcycling.org](http://www.USAcycling.org)
